Project Name	Skill And Job Recommender

Home page:

Login page:

The image shows a web application interface for a job hunting platform. The header is dark grey with the 'Job Hunter' logo on the left, 'Login' and 'Register' buttons in the center, and a 'Search Jobs' input field with a 'Search' button on the right. The main content area has a vibrant, multi-colored geometric background. In the center, there is a 'Login' form with the placeholder text '{{msg}}'. The form includes labels for 'Email' and 'Password', each followed by a white input field. Below the input fields is a teal 'Login' button.

Register Page:

This image shows the same web application interface as the login page, but with a 'Registration Successful' message. The header and navigation elements are identical. The central 'Login' form now displays the email 'rishikumar.ppm1515@gmail.com' in the 'Email' input field. The 'Password' input field is filled with ten dots. The teal 'Login' button remains below the fields.
